Take a look under the hood: all the details you need on the ASE Test Series. There are more than 40 ASE certification tests, covering almost every imaginable aspect of the automotive repair and service industry.

### **Test Series - ASE**

A motor vehicle service or tune-up is a series of maintenance procedures carried out at a set time interval or after the vehicle has travelled a certain distance. The service intervals are specified by the vehicle manufacturer in a service schedule and some modern cars display the due date for the next service electronically on the instrument panel.

An auto mechanic (automotive technician in most of North America, car mechanic in British English, and motor mechanic in Australian English) is a mechanic with a variety of automobile makes or either in a specific area or in a specific make of automobile. In repairing cars, their main role is to diagnose the problem accurately and quickly. They often have to quote prices for their customers ...
