In-Depth Survey Report

International Journal of Systems Engineering (IJSE) proposes and fosters discussion on the evolution and current developments in the field of engineering management. Coverage includes but not limit to main branches of engineering, relationships with other disciplines, the development of medical technology, hermal energy and engineering, heat engineering, information systems, human-computer ...

International Journal of Systems Engineering :: Science

Heating, ventilation, and air conditioning (HVAC) is the technology of indoor and vehicular environmental comfort.Its goal is to provide thermal comfort and acceptable indoor air quality.HVAC system design is a subdiscipline of mechanical engineering, based on the principles of thermodynamics, fluid mechanics and heat transfer."Refrigeration" is sometimes added to the field's abbreviation, as ...
