

the microcosm within evolution pdf

Spiritual evolution is the philosophical, theological, esoteric or spiritual idea that nature and human beings and/or human culture evolve: either extending from an established cosmological pattern (ascent), or in accordance with certain pre-established potentials. The phrase "spiritual evolution" can occur in the context of "higher evolution", a term used to differentiate psychological ...

Punctuated equilibrium (also called punctuated equilibria) is a theory in evolutionary biology which proposes that once species appear in the fossil record the population will become stable, showing little evolutionary change for most of its geological history. This state of little or no morphological change is called stasis. When significant evolutionary change occurs, the theory proposes that ...
