For coherence theories in general, truth requires a proper fit of elements within a whole system. Very often, though, coherence is taken to imply something more than simple logical consistency; often there is a demand that the propositions in a coherent system lend mutual inferential support to each other.

In philosophy, universality is the idea that universal facts exist and can be progressively discovered, as opposed to relativism. In certain theologies, universalism is the quality ascribed to an entity whose existence is consistent throughout the universe, whose being is independent of and unconstrained by the events and conditions that compose the universe, such as entropy and physical locality.

Baptism activity sheet and readiness chart: Download The significance of baptism for a child. The act of baptism is symbolic of salvation by faith; that is, dying to the old self and rising to the newness of the life we have in Christ (Colossians 2:12-14). Baptism “as taught and practised in the New Testament” is therefore an act of obedience by an individual, and is in response to the Holy ...
