The Food Guide Pyramid A Guide to Daily Food Choices These symbols show fat and added sugars in foods. KEY Fat (naturally occurring and added) Sugars (added) and at the same time the right amount of calories to maintain or improve your weight. The Pyramid also focuses on fat because most American diets are too high in fat, especially saturated fat.

Genetically modified crops and food 3 when researchers in Germany tried to boost the starch content of potatoes using genes from yeast and bacteria, they found that the starch content actually fell and other, unexpected, compounds were produced<sup>5</sup>. Finding new genes can be a time consuming and expensive process, so the same genes

Refrigeration and Food Safety A refrigerator is one of the most important pieces of equipment in the kitchen for keeping foods safe. These electric units are so commonplace today, we forget a refrigerator was once little more than a box with a block of ice used to supply a rather undependable source of cold air.
