Photo by Anthony Catalano I spend most of my time worrying about how to make deep learning with neural networks faster and more power efficient. In practice that means focusing on a function called GEMM. It's part of the BLAS (Basic Linear Algebra Subprograms) library that was first created in 1979, and until I started

Here is the comment I made when I inaugurated this list on 1 September 2004; since then, the list has evolved to encompass both vocal and instrumental musical compositions: Today, I thought I'd share with my readers a new feature for "Notablog" and a new page on my site. I have been promising readers to inaugurate additional "My Favorite Things" pages, pointing to such things as favorite books ...
