

the short attention span pdf

Short Attention Span Theater (often abbreviated to SAST) was an American clip show in which the hosts presented short segments of stand-up comedy acts and scenes from films airing on HBO and Cinemax. It aired from 1989 until 1994. SAST premiered on the Comedy Channel in November 1989; it was one of the channel's initial programs. Because the Comedy Channel, HBO, and Cinemax were all owned by ...

Attention Span Statistics - Statistic Brain

Attention is the behavioral and cognitive process of selectively concentrating on a discrete aspect of information, whether deemed subjective or objective, while ignoring other perceivable information. It is a state of arousal. It is the taking possession by the mind in clear and vivid form of one out of what seem several simultaneous objects or trains of thought.

Short term memory is the ability to keep information in mind for a short amount of time. Remembering a phone number long enough to find a piece of paper is an example. The brain keeps information in its short term memory for a small period of time. The amount of time the mind is able to do this is usually some seconds.
