Aristotle considered these six things to be essential to good drama:

- Plot: This is what happens in the play. Plot refers to the action; the basic storyline of the play.
- Theme: While plot refers to the action of the play, theme refers to the meaning of the play.

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance.. The term dramatic literature implies a contradiction in that literature originally meant something written and drama meant something performed. Most of the problems, and much of the interest, in the study

of dramatic literature stem from this contradiction.
