In *The Wanderers*, Tim Pears's writing, both transcendental and sharply focused, reaches new heights, revealing the beauty and brutality that coexist in nature. Timeless, searching, charged with raw energy and gentle humour, this is a delicately wrought tale of adolescence; of survival; of longing, loneliness and love.

Zombies first shuffled across movie screens in 1932 in the low-budget Hollywood film *White Zombie* and were reimagined as undead flesh-eaters in George A. Romero's *The Night of the Living Dead* almost four decades later. Today, zombies are omnipresent in global popular culture, from video games and top-rated cable shows in the United States to comic books and other visual art forms to low-budget films from Cuba and the Philippines.
