Ohio Community Consolidated Grade School District #17

The main distinction between administrative social science data and the data traditionally used in the social sciences, can be effectively characterised by the distinction between found and made data. Generally, social scientists make use of made data which they collect through experiments and observational studies (e.g. social surveys).

The role of administrative data in the big data revolution

The Socrates (aka conium.org) and Berkeley Scholars web hosting services have been retired as of January 5th, 2018. If the site you're looking for does not appear in the list below, you may also be able to find the materials by:

Socrates and Berkeley Scholars Web Hosting Services Have

Using Rhythm Instruments to Tell a Story. This lesson plan is designed to teach students the concept of rhythm in a song, by listening to music and playing instruments to represent actions.
