

wound care facts made pdf

The cost of wound care is high. In the United States alone, spending on wound care and management exceeded approximately \$3.3 billion in 1995 and is expected to grow with the increase in the elderly population. 2 Unlike acute wounds that typically heal in a matter of days to weeks, the Wound Healing Society has defined chronic wounds as those that "fail to progress through a normal, orderly ...

Kaspar Hauser (30 April 1812 (?) â€” 17 December 1833) was a German youth who claimed to have grown up in the total isolation of a darkened cell. Hauser's claims, and his subsequent death by stabbing, sparked much debate and controversy. Theories propounded at the time linked him with the grand ducal House of Baden and proposed his birth had been hidden as part of royal intrigue.
