Teachers often find it difficult to integrate writing and mathematics while honoring the integrity of both disciplines. In this article, the authors present two levels of integration that teachers may use as a starting point. The first level, writing without revision, can be worked into mathematics instruction quickly and readily. The second level, writing with revision, may

In literature, writing style is the manner of expressing thought in language characteristic of an individual, period, school, or nation. Thus, style is a term that may refer, at one and the same time, to both conventions that go beyond the individual writer and to singular aspects of individual writing. Beyond the essential elements of spelling, grammar, and punctuation, writing style is the ...
