The passenger pigeon was a member of the pigeon and dove family, Columbidae. Its closest living relatives were long thought to be the Zenaida doves, based on morphological grounds, particularly the physically similar mourning dove (now *Z. macroura*). It was even suggested that the mourning dove belonged to the genus *Ectopistes* and was listed as *E. carolinensis* by some authors, including Thomas ...

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...
